Gunsmithing Rates 2024

Here at Baker Precision, nothing but the best machines, tools, equipment and material are used to produce the best product available to the customer. I have taken my twenty-year aviation career of fabrication, manufacturing and quality control experience, and applied it to what I love, guns. Below you will find a list of services I provide. If there is something you are in need of, but is not listed, please let me know.

Re-Chambering of existing barrel, or removal of existing barrel, is done at the owner's own risk.

PARTS ARE NOT INCLUDED IN PRICING. ADDITIONAL MACHINE WORK OR RE-FINISH IS NOT INCLUDED!

NFA Firearms will not be accepted without documentation.
